IPS activities in Geneva and throughout the world

Meetings over the internet (skype, zoom, webinar) with groups and co-workers, mainly in Brazil, France, USA. For example, monthly study of 10 seed-groups and the Mandra Scripture, a rendering by Dr. E. Krishnamacharya of the Bhagavad Gita, via Zoom with Brazilian friends and co-workers.

The monthly online meditation meetings on planetary synthesis have proven to be a fruitful opportunity of exchanges between members of different groups.

Starting in May 2025, the meditation was followed each month by sharing on "right human relations", as proposed by Marion Remus at the 2025 General Assembly. The sharing is based each time on a different quote from the books of Alice Bailey, dictated by Master Djwhal Khul.

Maintenance of IPS website where many of the IPS publications can now be downloaded, updated material on the 10 seed-groups in Portuguese.

The IPS, founded in Geneva in 1981, is an international, not-for-profit organisation dedicated to promoting constructive cooperation in all fields of human activity. It is a non-governmental organisation on the Roster of the Economic and Social Council of the United Nations.

Group contacts and activities

Group cooperation with Lucis Trust: participation in annual conferences and World Goodwill seminars in Geneva.

Intergroup work with Institut Alcor, Fraternités and Association École Pont Arc-en-Ciel. Annual group meeting (January 2025). Practice of group meditation as taught in “Discipleship in the New age”, vol. 2, and bimonthly meetings online. The IPS co-ordinates in 2026 the Intergroup work.

Since October 2024, bi-monthly study group on the etheric body, Institut Alcor, Clermont-Ferrand, France.

Study group on world service, Institut Alcor, Annecy, Geneva. Study of “The Externalisation of the Hierarchy”, by Alice Bailey

Maitreya Project Fund for the Preparation of the Reappearance of the Christ

In January 2025, we sent our final financial contribution of CHF 4600 to the group project “Teaching the use of the Great Invocation through Social Networks”. Their project has been so successful, in numbers of students reached and meditation groups created, that they have expanded it into an online study platform and founded a not-for-profit association with the name Fundação Cultura do Espírito – Universidade da Luz (Foundation Culture of the Spirit – University of Light). More than 21000 people attended the online course “Discovering your higher Self”, and more than 600 are active in meditation and online study groups.

IPS representation at the UN in Geneva and New York

The work of the Commons Cluster of which the IPS is a founding member has continued, mostly in the form of exchanges and mutual support through a WhatsApp group.

Participation in meetings by our main representatives, Lisinka Ulatowska and Rudolf Schneider, has been limited this year.

We plan to continue to work in the way we have done over the many years, allowing our participants to take the initiative regarding the conferences they are most interested in and supporting them in any way we can.

Although this is not connected to the IPS, we would like to recommend a talk given by Dr. Alfredo Sfeir Younis at the CSVGC-NY (Committee on Spirituality, Values and Global Concerns-New York) on the current state of multilateralism and the United Nations system, proposing concrete pathways for its revitalization grounded in universal spiritual and ethical values. The talk can be watched on [YouTube](#).

Future perspectives

Besides continuing our activities as until now, we invite all friends and co-workers to share during the General Assembly how they see their future participation in the work of the Institute. Your proposal and suggestions are unvaluable for our work.

Our future perspectives include continuing the work on the commons and communication with nature; and continuing our cooperation with Master E.K. Spiritual and Service Mission (India), Institut Alcor (Switzerland and France), Stiftung Einheit Allen Lebens (Switzerland), World Goodwill units of service in Natal, Rio, Brasilia, the 2025 Initiative, spiritual groups in the Ukraine and Russia.

The monthly meditations for planetary synthesis will continue. After a cycle of meditation on synthesis, a cycle on the seed-groups, and a cycle on right human relations, we invite proposals on the subject of the meditations in 2026-2027.

Elena Smirnova, PhD, proposes a project for activating the educational program of the University for Planetary Synthesis. The description of the proposal, in English, French and Russian, has been posted with the other meeting papers on the IPS website.
