United Nations, New York:

A team of committed co-workers, led by Lisinka Ulatowska, main representative of the IPS at the UN in New York, has been working for the past years to promote the idea of the Commons, within the Commons Cluster.

In Geneva, Rudolf Schneider, Secretary-General of the IPS, attended numerous meetings organised by the United Nations Office in Geneva, the Office of the UN High Commissioner on Human Rights, in particular in various sessions of the Human Rights Council.

In addition, the IPS supported the initiative for a right to peace launched by the Spanish Society on Human Rights Law (AEDIDH) supported by the government of Costa Rica. The Declaration on the right to peace was finally adopted by the General Assembly of the United Nations on 19 December 2016 (resolution A/RES/71/189).

Above all, we seek to introduce spiritual energies, in particular the energy of the heart, in such a way that it is understood and not mistaken as religious or sectarian.
